Clickteam Fusion 2.5+ enhances your existing copy of Clickteam Fusion 2.5 Standard or Developer (for PC or Mac). Jul 4, 2019 Hi Guys, i recently purchased Fusion 2.5+ on the steam store. i did so because i wanted to try out some of the new graphics and functionalities. as i was going through the menus, i came across a folder where a lot of my old download i had forgotten about was still there. i think i downloaded it while downloading fusion 2.4. my question is, are these files required or are they just there if you want to apply the extras i see. the thing is my computer crashed last night and the files were in a folder called 'extras' if you were to. but i have crashed my computer 2 times in the last 2 days and the 2nd time i had to put in a flash drive to get onto my computer it only loaded the basic program and not the ...
